

WEEKLY REPORT
December 22, 2016
Enforcement Division

Press Stories, Significant Policy, Regulatory, or Legal Actions (2-3 weeks out)

Enforcement (b) (7) (A) **Defeat Device DOJ meeting:** **Enforcement (b) (7) (A)**

(Contact Andy Zellinger, x23093). ENFORCEMENT CONFIDENTIAL

Synergy Fulfillment Services Seizure: **Enforcement (b) (7) (A)**

(John Brock, x23999)

Cemex Victorville CD Termination: The Order terminating the Consent Decree was signed by the U.S. District Court Judge on December 16. This Consent Decree was entered in March 2009 and was the first Clean Air Act litigated settlement with a Portland Cement plant for PSD violations. This facility was the largest source of NOx in California back in 2009 and remains one of the highest capacity Cement plants in the U.S. (Contact Charles Aldred, x23986)

Bay Delta WaterFix Project: **Enforcement (b) (7) (A)**

(Contact
Connell Dunning, x74161)

Navajo Sewage Spill: The Navajo Tribal Utility Authority (NTUA) has notified the Navajo Nation EPA (NNEPA) and the U.S. EPA of a sewage spill from the sewage collection system feeding the Shiprock Wastewater Treatment Facility. The spill enters the San Juan River in the vicinity of Shiprock, NM approximately ½ mile downstream (north) of the Highway 64/491 bridge. NTUA reports that the spill was discovered on December 5th and that it is ongoing. NNEPA is on the scene and both NNEPA and EPA are receiving daily updates from NTUA as it has worked to identify the source of the leak, **Enforcement (b) (7) (A)**

(Contact Ken Greenberg, x23577).
